University of Minnesota Continuing Dental Education

Infection Control Update: From Guidelines to Compliance

Saturday, October 7, 2017
Continuing Education & Conference Center
St. Paul, Minnesota
6 Credit Hours

Practical updates on:
- Infection control
- Emerging diseases
- Bloodborne pathogens
- Preventing disease transmission
Satisfy OSHA’s annual training requirements and learn how to practically apply infection control protocols that are effective, efficient and safe.

**BENEFITS**

This program will increase your ability to:

- list and describe the requirements applicable to the OSHA Bloodborne Pathogens Standard.
- recognize the key elements of infection control that contribute to safe dental visits.
- describe common pitfalls in infection control and how to avoid these.
- describe recent developments relevant to infection control in the dental setting, including emerging diseases and dental unit waterlines.

**AGENDA**

8:30 AM
**Overview and Bloodborne Pathogens**
- Emerging and re-emerging diseases
- Chain of infection and standard precautions
- Bloodborne pathogens
- CDC antisepsis recommendations for hand hygiene and surgical

10:00 AM
Networking and refreshment break

10:15 AM
**Personal Protective Equipment (PPE) and Instrument Processing**
- CDC recommendations and OSHA requirements for PPE
- Step-by-step guide to instrument reprocessing based on instrument classification and current evidence

12:00 PM
**Question & answer session**

12:15 PM
Luncheon (included in registration fee)

**INTENDED AUDIENCE**

Dentists and dental team members who want to make sure their infection control practices are up to date and effective.

**EDUCATIONAL METHODS**

Illustrated lectures and discussion.
Fiona M. Collins, BDS, MBA, MA

Dr. Collins is a recognized author and presenter on infection control, oral disease and conditions. She has authored multiple continuing education courses and articles on these topics and has given presentations in North America, Europe, the Pacific Rim and the Middle East. Dr. Collins has also presented as a faculty member at OSAP Boot Camps.

She is a consultant, the CE editor for Dental Learning and the editor for Dental World. Dr. Collins is a member of the American Dental Association, the American Association of Dental Research, and the Organization for Safety, Asepsis and Prevention (OSAP). She is the ADA representative to the Association for the Advancement of Medical Instrumentation, a member of ADA Standards working groups, and a Fellow of the Pierre Fauchard Academy.

During her career, Dr. Collins has lived and worked in five countries and has held positions in clinical practice, education and industry. Dr. Collins graduated as a general dentist from the University of Glasgow in Scotland, and holds an MBA and an MA from Boston University.
