DENTAL TRAUMA MANAGEMENT & PULP REVASCULARIZATION

6 credit hours ★ Friday, January 27, 2017 ★ Continuing Education & Conference Center ★ University of Minnesota ★ St. Paul Campus

Who Should Attend
All oral healthcare providers—general dentists, specialists and dental team members—since trauma management often requires multidisciplinary approaches, such as endodontic and periodontal treatment, surgery, and orthodontic movements, as well as aesthetic coronal restorations.

Educational Methods
Illustrated lectures and discussions.

Benefits of Attending
This nuts and bolts course will give you the tools to triage and successfully treat patients who present with dental traumatic injuries. Dr. Nestor Cohena, a well-known expert in dental traumatology, will show you the latest approaches to prevent, diagnose and treat traumatic injuries to teeth and supporting tissues. You will come away from this course more confident about your ability to: 1) identify the severity of the injury, 2) determine an initial diagnosis, 3) establish a treatment plan, and 4) manage dental trauma in your practice. You will also be updated on current therapeutic approaches for immature necrotic teeth, including pulp revascularization.

Objectives
As a result of attending this course, you will be able to:
• classify dental traumatic injuries.
• implement the most recent, state-of-the-art diagnostic and treatment modalities for crown and root fractures, luxations and avulsions.
• discuss dental/vascular traumatic injuries and their complications.
• recognize effective strategies for the preservation and augmentation of the alveolar ridge for final prosthetic rehabilitation.
• describe the concept of pulp revascularization for the treatment of immature teeth with necrotic pulps.

About Our Guest Speaker
Nestor Cohena, D.D.S.
Dr. Cohena currently serves as an Affiliate Professor at the University of Washington, Seattle Children’s Hospital and maintains a private practice limited to Endodontics in Bellevue and Everett, WA. He completed the endodontic program at the Hebrew University in Jerusalem and then served 11 years on faculty at the school while maintaining a private practice limited to endodontics. From 2003 to 2005, Dr. Cohena served as a Clinical Assistant Professor and Coordinator of Trauma and Sports Dentistry at the University of Southern California. Thereafter, he joined the University of Washington where he completed his endodontic certificate in 2008 and served as Tenured Professor of Endodontics and Pediatric Dentistry from 2008-2014. Dr. Cohena also served as Director of Endodontics and the Multidisciplinary Traumatology Unit at the School of Dentistry, the Center for Pediatric Dentistry and Seattle Children’s Hospital. He is a Diplomate of the American Board of Endodontics, the American Board of Endodontics, and the Israeli Board of Endodontics. Dr. Cohena is a Fellow of the International Association for Dental Traumatology (IADT) and currently serves as President-elect of the IADT. He has published more than 75 peer-reviewed articles, 8 chapters and a new book entitled ‘Dissection of Root Canal Systems: The Treatment of Apical Periodontitis’.

Conference Agenda
9:00 • Traumatic Injuries to Teeth and Supporting Tissues – Part I
• epidemiology, classification, diagnosis and treatment of crown and root fractures
10:30 Networking/Refreshment break
10:45 • Traumatic Injuries to Teeth and Supporting Tissues – Part II
• treatment of luxations and avulsions
12:00 Question and answer session
12:15 Luncheon (included)
1:00 • Decoronation and Ridge Augmentation
1:15 Networking/Refreshment break
2:30 • Pulp Revascularization
• current therapies toward positive outcome and alternative options
3:45 Question and answer session
4:15 Adjourn

Registration by Phone, Mail, Fax or via the Internet
• Register online via our secure web site at www.dentalce.umn.edu.
• Mail in your registration form along with your check or credit card information. (VISA, MasterCard, American Express or Discover)
• Call (612) 624-1414 or (612) 624-8159 and use your credit card to register.
• Fax your registration and credit card information to us at (612) 624-8159.

Parking
Parking is included. Information on parking will accompany your course registration.

Continuing Education Credits
This course is designed to provide 6 hours of continuing education credit. However, credit given depends on hourly attendance (1 hour = 1 credit). Minnesota Credits: 1 fundamental and 2 core (diagnosis and treatment planning.)

Refund Policy
A full refund will be made if you cancel at least one week (five working days) prior to the program. If you cancel less than one week prior to the program a $50 processing fee will be deducted from your refund.

University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The University of Minnesota School of Dentistry designates this activity for 6 hours of continuing education credits.

Upcoming Courses
October 28, 2016
Oral Pathology Update 2016
October 29, 2016
Achieving Endodontic Success—Simplicity Through Efficiency: A Lecture & Hands-on Workshop
November 5, 2016
Clinical Grand Rounds for the Dental Team: Orthodontics
November 4, 2016
Fall Care Competency Day for the Dental Team
November 5, 2016
Winter Dental Assistants’ Seminar
November 11-13, 2016
Postgraduate Program in Contemporary, Esthetic & Implant Dentistry: Level I—Lecture/Laboratory Series
November 18, 2016
