

Annual Fall Dental Hygiene Seminar Ever-changing Science, Practical New Skills

Friday, October 8, 2021

Katrina Sanders, RDH, BSDH, MEd, RF

Preliminary Program

8:30

Cracking Periodontal Codes with Class: Diagnostic Decisions

- Review clinical parameters involved in distinguishing periodontal classifications, including contrasting terms of gingival disease and periodontitis
- Discuss the paradigm shift within the nonsurgical approach to periodontal therapy
- List, describe, and differentiate the various periodontal diseases
- Analyze effective protocols for implementing diagnostic, preventive and periodontal codes and maintaining this information for recordkeeping
- Explore future trends of periodontal classification

10:00 Break

10:15

Cracking Periodontal Codes with Class: Diagnostic Decisions (continued)

11:45 Break

12:30

Local Anesthesia: New Techniques, The Latest Trends, and Troubleshooting

- Review indications, relevant anatomy and technique factors of common dental injections
- Identify the physiological and anatomical considerations that may lead to inadequate anesthesia
- Develop critical thinking skills for troubleshooting local anesthetic delivery
- Gain strategies for addressing inadequate local anesthesia during patient care
- Discover alternative delivery techniques in local anesthesia
- Assess new trends in the delivery and reversal of local anesthesia

2:15

Local Anesthesia: New Techniques, The Latest Trends, and Troubleshooting (continued)

3:45 Adjourn

Meet Our Expert

Katrina Sanders, RDH, BSDH, MEd, RF received her education from the University of Minnesota School of Dentistry Division of Dental Hygiene and completed the Northern Arizona University Master of Education Graduate Program in Educational Leadership. She is the Sanders Board Preparatory founder, a comprehensive program designed to prepare scholars for the National Board Dental Hygiene Examination. She serves as the Clinical Liaison for Hygiene Excellence and Innovation for AZPerio, the country's largest periodontal practice. Katrina is a member of the Dental Speaker Institute and Dental Speakers Bureau. She is also on the advisory board and is a columnist for ModernHygienist.com, and is a writer for Dentaltown Magazine and Today's Hygienist. Katrina has published articles on injection failure, local anesthesia techniques, and practice management techniques. She is an active member of the American Dental Education Association, American Dental Hygienists Association, and Central Arizona Dental Hygienists Association. For insights on new ideas in dentistry, please consider listening to Katrina's podcast, Toothordare.

The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Minnesota credits

- 6 Fundamental Credit Hours
- Includes CORE Subject Areas Patient Communication and Record Keeping
