5:00  Adjourn

Meet Our Expert

Gigi Meinecke, RN, BSN, DMD, FAGD, maintains a private practice specializing in cosmetic dentistry and facial esthetics. Dr. Meinecke received her nursing degree from The College of New Jersey and her DMD from Boston University Goldman School of Graduate Dentistry. Her interest and activity in the field of facial injectables began in 2004. In addition to teaching Botox® and Dermal Fillers nationally since 2010, Dr. Meinecke is a leading figure in cosmetic and facial esthetic procedures. She provides the only injectable training that includes a cadaver review workshop. As a committed practitioner and advocate at the national level, Dr. Meinecke seeks to expand and elevate the standards of care in facial esthetics across the domains of dentistry, medicine, and other cosmetic specialties.
The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

This course is eligible for AGD Mastership credit in esthetics/cosmetic dentistry, should you choose to self-report to the Academy of General Dentistry.
