Peri-implant Conditions & Diseases: Assess, Manage, Treat & Refer
Saturday, December 7, 2019

Lynda J. Young Conference Room • 6-410 Moos HS Tower

7:30 Final registration and assembly. Continental breakfast.

7:55 Welcome

8:00 LECTURE: Assessment & Management of Peri-implant Conditions & Diseases
Danielle Furgeson, RDH, MS, DHSc
Jeff CW. Wang, DDS, DMSc
The new classification and etiologies of peri-implant conditions and diseases
Risk factors and behaviors contributing to peri-implant diseases
Quality maintenance and early detection of peri-implant diseases

10:00 Refreshment break

10:15 LECTURE: Treatment and Referral of Peri-implant Diseases
Non-surgical treatment of peri-implantitis
Advanced methods in implant surface decontamination
When to refer? Surgical treatment and therapeutic maintenance of peri-implantitis
Team approach for management of peri-implantitis

11:45 Lunch (included)

8 South Clinic

12:45 HANDS-ON WORKSHOP: Non-surgical Treatment of Peri-implantitis
Group rotation in working stations:
A: Advanced instrumentation
B: Subgingival air polishing
C: Periodontal endoscopy
D: Customized implant homecare aids
E: Adjunctive local antibiotics delivery
F: Laser therapy

3:30 Refreshment break

3:45  Question and answer session and take-home messages

5:30  Adjourn

Meet Our Experts

**Danielle Furgeson**, RDH, MS, DHSc, is the Director of the Dental Hygiene Graduate Program and a Clinical Assistant Professor at the University of Michigan School of Dentistry. Dr. Ferguson received her BA in Behavioral Science from Metropolitan State College in Denver, Colorado, in 2001. Her undergraduate dental hygiene studies were completed at the University of Vermont in 2004. In 2007 she received her Master of Science in Dental Hygiene Education from the University of North Carolina. Dr. Furgeson completed her Doctor of Health Science degree in 2015 from Nova Southeastern University. In addition, she was formerly the American Dental Hygienists’ Association Manager of Student Relations. Dr. Furgeson maintains active clinical practice in the University of Michigan’s Periodontics & Oral Medicine Dental Faculty Practice.

**Jeff CW. Wang**, DDS, DMSc, is the Director for Predoctoral Periodontics and Clinical Assistant Professor at the University of Michigan School of Dentistry. Dr. Wang earned his certificate in Periodontology and a Doctor of Medical Science degree in Oral Biology from Harvard School of Dental Medicine. He is a board-certified periodontist with an active faculty practice limited to periodontics and implant surgeries. Dr. Wang is the principal investigator for several clinical studies, including a clinical trial on laser-assisted regenerative surgical therapy on peri-implantitis and translational research on future therapeutics. His interests and passion for interdisciplinary collaboration have also led to novel synergistic approach for adult orthodontics and implant dentistry.
The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.

Minnesota credits
- 8.25 Fundamental Credit Hours
- Includes CORE Subject Area Patient Communication
