Name the ten most common OSHA healthcare citations and how to avoid them
Gain the skills and understanding to rock your compliance program

3:45 Adjourn

Stretch breaks with snacks will occur mid-morning and mid-afternoon.
Meet Our Experts

Karen K. Daw, MBA, CECM, graduated from and worked at the Ohio State University as the Assistant Director for the Sterilization Monitoring Service and then as the Clinic Health and Safety Director for the College of Dentistry. She continued her education by earning an MBA with a focus on Management and Healthcare Administration. Karen offers regulatory compliance solutions for healthcare practices. She is committed to helping people rethink compliance—not as a mandatory activity but as a culture of safety. As a result of her work, healthcare professionals are able to more confidently meet regulatory standards, implement leaner processes, and create a safer work environment while actually decreasing costs.

Daniel Pompa, DDS, is a Fellow of The American Association of Oral and Maxillofacial Surgeons and a Fellow of The International Congress of Oral Implantologists. Dr. Pompa is a lecturer for Columbia University College of Dental Medicine, New York University College of Dentistry, as well as six additional dental schools across the United States; he has lectured extensively both nationally and internationally. In 2013, Dr. Pompa became a Seminar Series Speaker/Consultant for the American Dental Association. He is an author, having published in JADA and the NYSAGD Journal as well as Dentistry Today—where he has been listed as a leader in continuing education. Dr. Pompa is also an inventor, having been issued a U.S. Patent for his innovative work in the field of Dental Implantology.
