### Meet Our Expert

**Angie Wallace**, RDH, is a leading educator and active member of the Academy of Laser Dentistry (ALD). As a recommended course provider, she works side by side with dental hygienists who have an interest in advancing their soft tissue training and achieving certification. Ms. Wallace is the Chair for Regulatory Affairs at the ALD and a Mastership-level laser trainer. She works closely with the American Dental Hygiene Association and is licensed in Iowa, Colorado, and Oklahoma.

The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.
