Meet Our Expert

Karen Davis, RDH, BSDH, is founder of Cutting Edge Concepts and a practicing dental hygienist in Dallas, Texas. Karen received her Bachelor of Science in Dental Hygiene from Midwestern State University, Wichita Falls, Texas. She has served on numerous advisory boards, is a published author, and has been recognized by Dentistry Today as a Top Clinician in Continuing Education. Karen is an independent consultant to the Philips Corporation, and Hu-Friedy/EMS, and is affiliated with PerioSciences, Inc.

This program is supported by GlaxoSmithKline.

The University of Minnesota School of Dentistry has an obligation to disseminate new knowledge related to dental practice. Some programs offered through Continuing Dental Education may introduce materials, techniques or product references that are subject to debate. Sponsorship of courses by the University of Minnesota School of Dentistry does not necessarily imply endorsement of specific philosophies, procedures or products by this institution. Recognizing that you may be learning about new procedures, techniques and materials that you may not yet be familiar with, we ask that you take every precaution when implementing these new materials and techniques into your practice.

The University of Minnesota School of Dentistry is an ADA CERP Recognized Provider.

ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry.

Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP.
