Increased Success Through Restorative Endodontics: A Lecture & Hands-on Workshop

Evidence-based updates on:
- Access preparation
- Cleaning and shaping
- Obturation and root repair
- Advanced instrumentation
- Advanced obturation techniques
- Challenging cases

Saturday, October 28, 2017
School of Dentistry – Moos Tower
Minneapolis, Minnesota
7 Credit Hours
Join us as Dr. Alex Fleury teaches you how to incorporate “restorative endodontic” techniques into your practice, helping you enhance the long-term biomechanical success of endodontically treated teeth.

**BENEFITS**

You will learn to:
- describe the foundations of endodontic success.
- explain the concept of anatomic shaping.
- triage basic and advanced cases and apply the correct instrumentation for each case.
- apply two different instrumentation techniques for managing different canal anatomies (conventional and 3D).
- recognize the benefits of sealer based obturation using bioceramics.
- identify the various applications of ultrasonics.
- utilize integrated apex locator handpiece technology.
- place posts using a matching post and core system.

**EDUCATIONAL METHODS**

Illustrated lectures, discussion demonstrations and laboratory exercises.

**EQUIPMENT & SUPPLIES**

Please bring the following items to the course: 1) loupes/safety glasses, and 2) 2-3 extracted teeth with ideal access prepared.

In addition, please bring a file sample from your current rotary system to compare to ESX, a new instrumentation and obturation system that will be introduced during the hands-on session (size 35 is ideal). All other equipment and supplies will be provided by Brasseler USA and the School of Dentistry.

“Always great speakers and extremely well-run CE programs.”
~Past Participant
Receive updates on the latest developments in endodontics from Dr. Alex Fleury and obtain practical experience during the hands-on workshop.

**DESIGNED FOR DENTISTS**

**UPCOMING SEMINARS**

**October**

October 5, 2017  
Clinical Grand Rounds for the Dental Team: Pediatric Dentistry

October 6, 2017  
23rd Annual Practice Management Symposium: A Pathway to Sustained Practice Growth and Success

October 7, 2017  
Infection Control Update: From Guidelines to Compliance

October 11-14, 2017  
Miniresidency in Geriatrics and Long-term Care for the Dental Team

October 13-15, 2017  
New Materials, Technologies & Laser Training

October 20-21, 2017  
Nitrous Oxide/Oxygen Inhalation Sedation: A Training Program

**November**

November 2, 2017  
Clinical Grand Rounds for the Dental Team: Dental Implants
